RESPONSE TO NOTICE OF DRAWING INCONSISTENCY WITH SPECIFICATION

Sir:

This is responsive to the above-referenced Notice mailed January 15, 2010.

There is readily-apparent confusion with respect to the drawings of this application. The drawings indicated as being received May 16, 2007 are not drawings that are a part of the present application; rather, they belong to a copy of the reference entitled "3-Deazaadenosine Prevents Proliferation of Vascular Smooth Muscle Cells and Neointima Formation" which was submitted with the Amendment filed the same date.

The Drawings that are a part of the application are those filed September 4, 2003, as shown in PAIR (i.e., 8 sheets of drawing including only Figs. 1, 2, 3A, 3B, 3C, 4A, 4B, 4C, 4D, 4E, 4F, and 5).

If any further issues remain, the Examiner is invited to contact the undersigned at the telephone number provided below. HUBR-1183.1-Div

If any fees are, authorization is given to charge deposit account no. 50-0624.

Respectfully submitted,

FULBRIGHT & JAWORSKI L.L.P.
